

Sino Swiss Science and Technology Cooperation Industry Internship Program

Are you looking for an Internship Position and a Cultural Challenge?

The Sino Swiss Science and Technology Cooperation Industry Internship Program is exactly the right thing for you. We offer internship positions in several Companies in China for Bachelor and Master students from different fields.

More Information:

www.global.ethz.ch/stc/china/instruments/internship
(or www.swissnexchina.org/more-info/career-opportunities)

Positions under:

www.telejob.ch

These positions are open to all Swiss university students, including students from the Universities of Applied Sciences.

Please beware that there are two types of internship positions:

1. **SSSTC Internship:**

- Prerequisite: Swiss citizenship
- Enjoys the support of the SSSTC **Internship Scholarship of CHF 1'000**.
- A pre-selection will be carried out by the SSSTC program office.
- Applications should be sent to the SSSTC Program Office at ETH Zurich.

2. **non-SSSTC Internship:**

- Prerequisite: Swiss citizens or students from Swiss universities
- Companies will do their own selection.
- Applications should be sent directly to the companies using the address included in the position description.
