

The Graduate Academy is an excellent opportunity to experience the engrossing field of law and economics at the highest level. Renowned scholars, outstanding researchers, and international practitioners all come together in the heart of Switzerland for an intensive one-week program that is focused on the state of the art of law and economics. The versatile program distinguishes itself through its combination of high-quality lectures, various informal events, and the actual possibility to explore the beautiful city of Lucerne. It is not only a unique academic adventure but also an unforgettable life experience. In other words, if you really want to have the full law and economics experience, the Lucerne Graduate Academy for Law and Economics is the place to be.
