<b>General impression</b> Please describe your stay in 4-5 sentences	I think my stay here was worthwhile. I have enjoyed the country as a whole and Lucerne as a City. It was a good experience as it was different from my home country and from Turkey where I study. It was just a bit expensive for me especially as entirely through my studies I could not work. The city is small so it makes it easily accessible. I was close to school close to everything I need.
<b>Entry/ arrival in Switzerland</b> Immigration formalities, visa	It took a very long process for me to get my visa to come here. It was actually very difficult but on arrival at Zurich I had no problems. My permit too was issued on time and a bit earlier than expected day
<b>Searching for rooms/ accommodation</b> Experiences and useful addresses	Before coming here I had a problem with accommodation. I had to pay a hotel for the first few days when I arrived before getting an accommodation. The apartment I found was comfortable but just a bit expensive
<b>Public transportation</b> Train, bus, accessibility of university buildings	The public transportation is excellent. The buses are clean and not always crowded. It was very strange to me because here when you get into a bus you will have a seat. In Turkey you stand till your destination. Transportation was Ok for me and the cost of transport too was Ok because I had the monthly subscription and with that I could go everywhere in the City. The trains are excellent. Overall the transportation was Ok
<b>Prearrangements</b> Registration for courses, language tests, academic records	I had a problem here because I had to change my learning agreement entirely. I was mal informed about courses so selected them wrongly. Glad with the help of the mobility office and my departments I sorted out
<b>Information on university</b> Location, size, infrastructure	The University is very very small. It is just a single block of my home University
<b>German course at the university</b> „German Short Course“ visited? Content of course, usage	I didn't do any German Courses . I was late for the pre German course organized by the University
<b>Studying at the university</b> Content of lectures, credits, assessments	Studying here was Ok. I enjoyed my teachers. They try all things possible to make sure you get info and learn. They are better teachers here than my parent University. My studies and classes were well planned and my timetable was comfortable
<b>Assistance at the university</b> Student advisors, Mobility Office, mentors, contact with other students	The mobility office ,my department and all my teachers were always very willing to help me. Any questions I asked they provided me answers. I think that is the general Swiss way. Everyone will help you out if he or she can do so. Assistance here was Awesome
<b>Budgeting</b> Living costs, study material, money transfer	The grant given to me was small. Life is expensive here and I think Grants for students coming for exchange in Switzerland such be increased. I had all study material because the University makes it cheaper for students.
<b>Living/ leisure</b> Meeting places, sports, culture	I had no time for leisure. I didn't make too many friends here because I preferred staying at home all day. But then there are many places for leisure here

<p><b>Comparison</b> What is better/ worse at the University of Lucerne as compared to your home university?</p>	<p>The teacher here is better off than teachers of my home university. Here teacher speak fluent English and you are able to follow lectures well. In my University just a few teachers from my department can speak in fluent English. The University of Luzern is very small and has very departments. My home university is bigger and so many department</p>
<p><b>Reasons</b> For what reasons are you aiming for a mobility period at the University of Lucerne?</p>	<p>I came here for Mobility because I wanted have an experience of studying out of my University. I am glad I had that chance. It has really given me enough ideas on cultural difference which places a vital role in my career</p>
<p><b>Duration</b> If you look back, was the duration of your stay for mobility</p>	<p><input checked="" type="checkbox"/> to short                      <input type="checkbox"/> to long                      <input type="checkbox"/> precisely</p>
