General impression Please describe your stay in 4-5 sentences	It was very nice time for me to be an exchange student of the University of Lucerne. I met very nice friends through this semester, and I am so happy to study in this beautiful city. I really love Lucerne and our university. It helped me to adapt myself to this unfamiliar nice city.
Entry/ arrival in Switzerland Immigration formalities, visa	
Searching for rooms/ accommodation Experiences and useful addresses	I just registered by an email. The University of Lucerne sent me several forms included accommodation form. They kindly told me how to search my rooms.
Public transportation Train, bus, accessibility of university buildings	Our University is very closed to Lucerne Bahnhof(Train station), and bus station. Location is perfect.
Prearrangements Registration for courses, language tests, academic records	It was quite confusing and difficult to me because there are no English courses of my major, but finally I registered courses about such a new subject for me, and it was really good. The University will send you an email about your student account, webmail site, OLAT account, etc. It is not that difficult to register the course.
Information on the university Location, size, infrastructure	It takes 1 minute from Lucerne Bahnhof to our university. Our four-story building is clear, large, and modern. There are some food courts, a cafeteria, many copy machines, and some rooms for sports programs etc. It is really convenient because they are all in the same one building.
German course at the university "German Short Course" visited? Content of course, use?	I think it is better to register a free German courses before the semester because it is not only useful, but also provides the first opportunity to meet new friends in the new university. The content of course was good because it was not that difficult and basic – food, basic dialogue, etc.
Studying at the university Content of lectures, credits, assessments	First time, I preferred lectures because It was usual class style in my home university. However, now, I think seminars are more interesting and I can concentrate on my class more easily. I registered 'Political Behaviour and Communication' and 'Personality and Politics'. Politics is very new subject for me, so it was difficult to understand at first, but with American election, it became more interesting for me.
Assistance at the university Mobility Coordinator, International Relations Office, student advisors,	Our university is so kind. They really try to help exchange student to adjust here, and they reply an email immediately, so I can solve my problems quickly. I am really thanks for our university.

mentors, contact with other students	
Budgeting Living costs, study material, money transfer	It is expensive. We can save our money by cooking, but it still expensive. You have to buy Half-pass and Gleis7, kind of train pass. It will really save your money.
Living/ leisure Meeting places, sports, culture	When the weather is good, it is absolutely perfect. I love Switzerland. You can just walk around the river, and you can swim in the river. You can do a lot of activities, and there are many festivals, too.
Comparison What is better/ worse at the University of Lucerne as compared to your home university?	The better one in the University of Lucerne is free sports program. I have not registered them because I traveled a lot, so I did not have time to take those programs. However, all of my friends who took sports program said it was really nice. I think it is a very good program for students' health.
Reasons Why did you choose to complete an exchange semester at the University of Lucerne?	First reason was that I heard Lucerne is really beautiful city, so I want to come Lucerne and enjoy life in here. Also, Switzerland is well known as 'the best country to live in'. The University of Lucerne also has a lot of good courses, too.
Duration Looking back, was the duration of your stay here:	Just right.
