General impression Please describe your stay in 4-5 sentences	Luzern is a beautiful city and a really good place for staying. Mentors and teachers here are really friendly and helpful; I received a different teaching method from my home university and learned a lot.

Information on the university Location, size, infrastructure	I think the university is not a big one but really new and in a good location, which is just next to the train station, and be of good infrastructure service.
German course at the University "German Short Course" visited? Content of course, use?	I took the German courses for the first week, to be honest; it is quite hard for me because it is a brand new language system and taught in a non-native language. However, it provided me a primary learning system of German and some basic words and sentences that we could use to talk in our daily life. At least, I could understand the German numbers.
Studying at the university Content of lectures, credits, assessments	Political behaviour and Communication 3 credits Aristotle's Physics 3 credits
Assistance at the university Mobility Coordinator, International Relations Office, student advisors, mentors, contact with other students	I really think I got a lot of help from all of those assistance. The first day I arrive, our student advisor just picked us up in the airport, and also provided us a lot of information in the later life. When I was facing trouble in the selection of courses, my mentor just helped me with the problem. And when we needed the assessment and evaluations for the home university the international relations office gave me a hand.
Budgeting Living costs, study material, money transfer	Living here really costs a lot, I paid a monthly rent of CHF 594, and CHF 300 for buying foods and ingredients for cooking.

<p>Living/ leisure Meeting places, sports, culture</p>	<p>I like to hike or go for a day trip with our friend and also could have a dinner party in the apartment, in the duration, we could talk a lot and learn and understand each other better, also I think it's a good way for the communication between the many cultures.</p>
<p>Comparison What is better/ worse at the University of Lucerne as compared to your home university?</p>	<p>I think, maybe the University of Luzern could have held some more interest groups for students, like dancing, painting and some other things, which is quite common and popular in my home university; but here I really feel a better studying atmosphere and a rigorous teaching attitude, which I really like and respect.</p>
<p>Reasons Why did you choose to complete an exchange semester at the University of Lucerne?</p>	<p>I really like the country and I experienced a totally different culture and lifestyle in the exchange life. Also I heard that it's a good university for philosophy teaching.</p>
