<b>General impression</b> Please describe your stay in 4-5 sentences	I first had the impression that Luzern was really nice and clean, but that it would also be really calm. Finally, I got to discover a new interest in Law by doing my Master here, and I also think that I managed to grow up a little. I appreciated the time so much that I would love to keep on studying here
<b>Entry/ arrival in Switzerland</b> Immigration formalities, visa	The conditions of entry in Luzern were confusing, as we didn't get much explanations before entering the country. But once in Luzern, it became easier
<b>Searching for rooms/ accommodation</b> Experiences and useful addresses	I found a room after 3 weeks of researches; but as I didn't know if it was a good thing or not, I took under a hurry. It was not so difficult, but I would have preferred to live in Eichhof from the start
<b>Public transportation</b> Train, bus, accessibility of university buildings	The public transport is good, much better than in Paris, except if we want to travel outside of Luzern, then it gets a little bit complicated
<b>Prearrangements</b> Registration for courses, language tests, academic records	The prearrangement was not so clear for me at the start, because I didn't know what was expected, but then it was ok
<b>Information on university</b> Location, size, infrastructure	The University is brilliant
<b>Studying at the university</b> Content of lectures, credits, assessments	The lectures at the University captivated my attentions, but I think that it is difficult concerning the obtainment of credits. The level was much higher than expected.
<b>Assistance at the university</b> Student advisors, Mobility Office, mentors, contact with other students	I have nothing to say, I am really satisfied about it
<b>Budgeting</b> Living costs, study material, money transfer	Live in Luzern is really expensive, and I think it is unfair that we are not allowed to get a student job, even just as part-time
<b>Living/ leisure</b> Meeting places, sports, culture	I loved the fact that we could access to such a diversity of sports, and the fact that the University organized the events to show us Luzern. I was impressed
<b>Comparison</b> What is better/ worse at the University of Lucerne compared to your home university?	Worse is maybe the expectations of the Professor. Sometimes I felt as they didn't care that it is more difficult for us, but the choices you offer and the possibilities are awesome. The buildings are nicer, and the professors are closer to us than back home
